ABOUT US

LUNA is a lifestyle destination that combines natural beauty, ground-breaking artistry, and a diverse range of experiences for its guests.

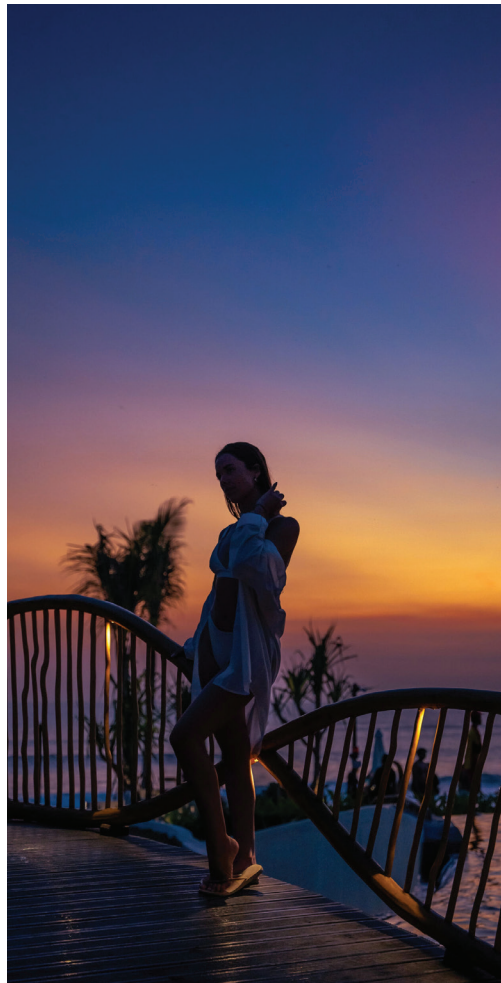

Created with curiosity to push the boundaries of music, entertainment, gastronomy and design, LUNA seamlessly blends innovation with the natural environment to create a newly defined immersive beach club experience.

From a cave club accessible by slide, a stunning restaurant with an exclusive private dining space, a majestically designed event center that can double up as a chapel with uninterrupted ocean views to Bali's only cliff top beer garden.

LUNA's team possesses the expertise, commitment, and resources necessary to craft an unforgettable experience for your guests.

WHERE WE'RE LOCATED - TABANAN

The historic Tabanan Regency makes up 15% of the island of Bali, with a growing population of 461,630 people from the 2020 census—the most populous regency in all of Bali with ten subdistricts.

Boasting over 28 tourist destinations, Tabanan provides an array of experiences from the well-reserved Tanah Lot Temple, to the otherworldly wonder of Jatiluwih Rice Terrace, and the black sand shores of Tabanan's beaches.

With wide, easy-access roads that connect neighboring regencies and the upcoming Gilimanuk Toll Road in the works slicing through Tabanan, the regency welcomes an even proportion of both local and international tourists.
